Dear Bill,

E for effort with Hoover and his paper. I asked that of him instead of the story on me and he said he could not do it. As it evolved, he was apologetic for having to do what he did. He seemedlike a nice guy but it isapparent he is not his own boss.

Clippings interesting. That Schlesinger knows as much about those plots against Castro and aspects of theassassination is a surprise.

Rivele, by the way, began that Corsican fiction for BBC-TV. He began it earlier and they liked it.

Later today we see the orthopaedic surgeon who will replace one of Lil's hip joints. We should then learn more about all of it and what it means. It will be after the end of the tax season.

I hope I can find the kind of help we'll need for her recovery period, until she is again at least as steady as she is on her legs.

If you went out to lunch with your brother, even with him in a wheelchair, then he has irmproved.

Best,
